DETAILED ACTION

Priority

- Currently, Applicant still has a priority date of 6/18/01. Applicant's claim to priority is not granted because it is untimely.
- 2. As set forth previously, Applicant's claim for the benefit of a prior-filed application under 35 U.S.C. 119(e) or under 35 U.S.C. 120, 121, or 365(c) is acknowledged. Applicant only claims benefit back to application 09/883650, with an effective filing date of 6/18/01. Applicant has not complied with one or more conditions for receiving the benefit of related cases which have earlier filing dates under 35 U.S.C. 119 because though the case links back to the originally filed application 08/278913 (effective filing date 7/22/94), Applicant has not claimed priority to 08/278913 or the intervening applications 09/361923, 08/616967.
- As set forth previously, the oath/declaration is objected to because it only
 includes a claim to 08/278913 and does not include a priority claim to the instantly
 claimed priority of 09/883650, nor any intervening applications.
- 4. The amendment to the specification dated 6/23/08 is acknowledged
- 5. See 37 CFR 1.78, the Examiner has no authority to waive or amend the priority since the claim was untimely made. In order to claim benefit of applications beyond that claimed at the time of filing (09/883650) Applicant must file a petition with the appropriate fees.
- Since the Specification now contains priority claims which are not consistent with that allowed by the application, the specification is newly objected to. This objection will

10/085,434 Art Unit: 1796

be maintained until (1) the specification is amended back as originally filed or (2)

Applicant corrects the office file.

Claim Objections

- 7. Objection of Claims 3-69 are overcome by amendment.
- 8. Objection of Claim 51 is overcome by amendment.

Terminal Disclaimer

9. Terminal disclaimers have been approved over US 5928572 and US 6248263.

Claim Rejections - 35 USC § 102

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

 Claims 3-69 are rejected under 35 U.S.C. 102(b) as being anticipated by Tonar (US 5679283).

This rejection is as set forth in the action dated 12/19/07.

Remarks: Applicant argues the priority claims overcome the date of the instant rejection. The Examiner disagrees. The priority claim is not proper for the reasons set forth above and thusly Tonar '283 still qualifies as prior art. As such the rejection stands.

10/085,434 Art Unit: 1796

11. Claims 3-53, 54-56, 58-59, 61-62, 64-65 and 67-69 are rejected under 35

U.S.C. 102(b) as being anticipated by Varaprasad (EP 612826 A1).

This rejection is as set forth in the action dated 12/19/07.

Remarks:

Applicant argues the clauses therein set forth affirmative, positive limitations, which are permissible and pertinent and that the clauses were requested by Examiner Tucker and deemed allowable.

The Examiner disagrees. The clauses therein are product by process limitations. The limitations are not given patentable weight unless Applicant can show a different product is formed. The Examiner is not able to find what evidence was given to Examiner Tucker which resulted in the allowability of the claims/clauses over the prior art. Without such the rejection is maintained.

Claim Rejections - 35 USC § 103

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

12. Claims 54, 57, 60, 63, 66 and 69 are rejected under 35 U.S.C. 103(a) as being unpatentable over Varaprasad.

This rejection is as set forth in the action dated 12/19/07.

Remarks:

10/085,434 Art Unit: 1796

Applicant argues that in light of the arguments set forth above this rejection should be deemed moot. The Examiner disagrees. The above rejection stands for the reasons set forth above, as such this rejection is found proper for the same reasons.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
